Our Advantage

1

Locally Sourced Lumber

We select premium American-grown white oak hardwood for our Natural Oak product lines to ensure the highest quality materials and craftsmanship possible.

2

Durable Plywood Construction

Every cabinet we offer is CARB 2 compliant and built to high-quality plywood standards to ensure lasting durability and long-term performance.

3

Advance Construction

Our cabinet boxes use a dovetail assembly system designed for faster, easier installation while providing strong connections and long-lasting durability.

4

Limited Manufacture Warranty

Our cabinets are backed by a limited warranty covering defects in materials and workmanship, providing quality and durability you can trust.
